

NEW 'My Network' page

The NEW Network Page is the latest in a series of updates to the supplier management area of the Authenticate platform.

This newly redesigned area allows all members, including Free Basic and Enterprise users, to see a breakdown of all the trading partners they are linked to on the platform – with the added ability to filter and search by relationship, company type and location.

Network 	52
 Customers	6
 Direct Suppliers	44
 Indirect Suppliers	5
Tier 2 suppliers	5
Tier 3 suppliers	1
 hide tiers	
<hr/>	
 Farms	0

Relationships: A handy overview displays the number of total suppliers, including direct and indirect suppliers from tier 2 and beyond – in some cases down to tier 10, depending on how far your product's supply chain has been mapped.

Filters: Default search results display customers at the top of the lists, followed by suppliers ordered by tier.

Only interested in your UK-based egg suppliers? Use the filters to display only the businesses that match your search criteria, such as country and company type.

Export & Report

Location report: Clicking 'Location Report' shows your suppliers on a map, allowing you to zoom in to take a virtual tour of your network.

Data export: Click 'Export' to create an Excel sheet containing details of your entire network, including their membership status and site location details. Choose to include customers, direct/indirect suppliers or farms by using the simple dropdown menu.

Coming soon: Look out for updates to the network map view with added improvements for even more user-friendly searches
